

HUS130CNBLK

130L Anti-Condensation Glass Door Bar Fridge in White

Specifications

GTIN	5060535961462
Designed to Suit	Indoors
Function	Drinks Chiller
Gross Total Capacity (Litres)	130Lt
Door Type	Double glazed glass door
Reversible Door	Yes
Handle	Recessed
Shelves Type	2 full, 1 half wire shelves
Feet	2 x Adjustable
Back of Unit Material	Metal
Exterior Colour	Black
Interior Colour	Black
Interior Light	LED Strip Light
Door Lock	No
Food Safe	No
Temperature Control	Electronic
Temperature Range (°C) Min	+2
Temperature Range (°C) Max	+10
Cooling Type	Static
Defrost Type	N/A
Refrigerant	R600a
Refrigerant Charge	29
Energy Star Rating	2.5
Energy Consumption	0.33 kWh / 24h
Annual Energy Consumption	120kWh/year
Input Current (A)	0.23
Voltage/Frequency	220-240V / 50Hz
Noise Level (dB(A))	40
Gross Weight	33kg
Net Weight	31kg
Product Dimensions (mm)	H 804 x W 541 x D 543
Packed Dimensions (mm)	H 809 x W 546 x D 549
Required Ventilation (mm)	Min 50mm -100mm (optimal)
Country of Origin	China
Warranty	3 Years

Double Glazed Glass Door

The double glazed door not only improves insulation but also enhances energy efficiency. Ensuring drinks stay cool without compromising performance.

Internal LED Light With On/Off Switch

LED light enhances visibility inside the fridge.

Designed For Indoor Use

Designed to operate indoors rather than in outdoor or unprotected areas.

Chrome Coated Wire Racks

The coating on these racks provides a combination of durability, aesthetics, and functionality.

Fully Adjustable Shelves

Features fully adjustable coated wire racks that offer a modern aesthetic while maximizing storage efficiency.

3 Year Warranty

Three-year product warranty covering labour and parts ensures peace of mind
